FINDING WEALTH IN YOUR PRESENT INCOME

Dear sir or mam, I'm glad I can come into your home and talk to you about a personal matter. You may not know me. I'm the CEO of Wealthfinder. We help and support individuals and members of different organizations with Budget Counseling, Freedom Rapid Debt Pay Off and Savings. In order to have the freedom to support themselves and the ability to give more to their charity organization. We don't think we have all the answers where we are, but we do know that we're struggling together to try and find emotional and financial maturity, to try to put our lives together, to try to understand our families, and basically to figure out how to live in this world we're involved in today. Maybe you don't have any problems. Maybe you got your act together and you don't need any help. If that's the case Man that's great! But in my experience as a Mentor and Financial counselor I've found a lot of people need somebody to help them. They need support and encouragement. If you are in that category I want you to know that we're having Budget Counseling starting _____ between 5pm to 9pm Monday thru Friday call Cecil M. Gardner at 316-617-0489, cecil@wealthfinder.org, wwwwealthfinder.org for appointment and more information. Thank you and God Bless. *Cecil M. Gardner.*
